Dear Juanita:

Please extend our deepest gratitude to the Lutheran Women Missionary League for all the wonderful donations given through the "Gifts from the Heart" project at the annual convention in Orlando.

We filled two cars and a van with all the donations. All of the gifts are benefiting clients served through our ministries. Youth in the shelters and refugees families are enjoying the quilts. Children are delighted with the school supplies and backpacks. The Bibles and the dictionaries were distributed to clients very quickly. A lady who received the Spanish/English Bible was extremely grateful; she was close to tears upon receiving the gift.

Because of your generosity we will be able to continue to give out personal hygiene kits, towels and other items to newly arrived refugee families for the next few months. Thank you for so generously sharing your resources with those less fortunate.

Thank you again for making Lutheran Services Florida the recipient of the Gifts from the Heart.

In Christ's Service,

Danielle Kearney
Director Church and Community Relations
